BENEFITS OF MASSAGE

Subtle REV

MESSAGE + HEALTH

Why Massage?

Dealing with a Crisis or “Crunch Time”

Chair Massage can help your team get through a demanding time at work or to reward them for their extra effort. A number of our clients use massage to relieve the stress of restructuring, moving, budget season, or other hectic times of the year. Others call us in to help keep everyone healthy and on the job when a deadline or product launch is causing stress.

Lift Morale

Massage creates a positive workplace culture, and let's employees know you really care about their well-being.

Enhance Employee Hiring and Retention Activities

No matter what the economy, valuable workers can take their pick of jobs. With the skyrocketing costs of health insurance, many companies struggle to find benefits to help attract and retain employees. Corporate Massage programs increase job satisfaction and create a caring environment that employees appreciate.

The average event lasts between 2.5 to 6.5 hours and serves up to 35 employees. Clients benefit most with a minimum of 10 minutes on the chair.
